

**June 19, 2020:**

Greetings from Camp Henry –

We were certainly excited to hear the news out of Lansing last Friday that Governor Whitmer signed an Executive Order, allowing Resident Camps to open!

We have been hopeful and optimistic that this would be the case and we are really looking forward to being able to welcome campers back to Camp Henry and to providing a safe and structured setting where kids can have a blast!

Due to COVID-19, camp will look a little different this summer. Our summer staff members have been working hard to be prepared to welcome campers and to continue to provide awesome life changing experiences while we implement some safety practices and protocols.

Looking forward to the summer ahead,

Camp Henry
